THE GERMAN PROBLEM. SOME INTERESTING DEVELOPMENTS.

(Special News Service.)

Berlin, February 11.
The *Journal des Debats*, referring to the agreement reached by the French and British Governments regarding the Cologne railway zone, whereby Germany retains the railway administration, demands that the Franco-Belgian regime be withdrawn altogether from the Rhineland.

By order of the International Rhine and Commission, the Separatists have evacuated the Coblenz Government offices.

The *Daily Telegraph* believes that the British Government will urge an early session of the League of Nations to discuss, *inter alia*, Germany joining the League and the League assuming military control of Germany.

In connection with the speeches dwelling on the better spirit prevailing in Anglo-French relationships, delivered by several members of the British Cabinet, the *En Nouvelle* doubts whether the actual French Cabinet will be able, with regard to the French inner political situation, definitely to acquiesce in Mr. MacDonald's proposals.

Since the French now withhold their support, the Separatists are preparing to leave the Palatinat. Germany points out that this turn in affairs proves more forcibly than anything else the lack of French neutrality, in spite of all M. Poincaré's assertions to the contrary.

Le *Matin* intimates that France is ready to alter her methods of occupation of the Rhineland, provided France's security, as well as large and regular reparations payments, will be guaranteed.

MR. LLOYD GEORGE'S STORY CONFIRMED.

(Special News Service.)

Berlin, February 11.
Signor Orlando confirms in the *Giornale d'Italia* the correctness of the reports about a special agreement being reached by Mr. Clemenceau and the late Mr. Wilson regarding Fiume and the Rhineland, to which he was not a party, and of which he was not informed earlier than Mr. Lloyd George. Signor Orlando says Fiume has become one of the problems connected with the Versailles Treaty which are cankered Europe's heart.

PLOT FEARED IN GREECE.

(Special News Service.)

Berlin, February 11.
The garrisons of Athens and Seres have been reinforced, since a plot by M. Metaxas is anticipated to overthrow the actual Government and restore the monarchy. King George, in a letter to the former Metropolitan of Athens, holds out a hope of being able to return in May.

UNIONIST PARTY CONFERENCE.

MODIFIED FORM OF PROTECTION.

Over five hundred members, including a considerable number of defeated candidates and two hundred peers, attended a meeting of the Unionist party in the Hotel Cecil this afternoon to decide questions of leadership and the future policy of the party. Mr. Stanley Baldwin was given a warm reception. He briefly stated his party's policy. Mr. Balfour moved and the Hon. J. Rawlinson seconded a resolution of confidence in Mr. Baldwin as their leader, which Mr. Austen Chamberlain supported. The resolution was passed unanimously.

It is stated that Mr. Baldwin declared the policy of a general tariff on imported goods must be dropped in favour of Imperial Preference, and extensions of the Safeguarding of Industries Act, whereby special assistance would be given to distressed industries which could prove to the satisfaction of the Board of Trade that they required some form of protection.

Mr. Baldwin's speech, outlining the future Conservative policy was warmly applauded, especially his emphatic declaration of their intention to stand fast and unflinchingly to everything decided at the Imperial Conference, fighting if necessary to the end. He announced he would confer with agricultural interests to devise a practical policy to assist the industry, and declared their great enemies of the future would not be the Liberals, who were moribund, but Labour, which was very much alive. "You are not going to beat Labour on a policy of tranquillity and negation or sitting still," he urged the party to examine in a modern light the number of pressing domestic problems, and prepare a social policy ready for the next election.

DEATH OF LADY HEWITT.

London, February 11.

The death is announced of Lady Hewitt, widow of the late Sir Thomas Hewitt and mother of Lieut.-Commander H. G. Hewitt, R.N., who is now homeward bound from Hongkong. She died as the result of a fall.

[On enquiry locally we learn that Lieut.-Commander Hewitt came out East just before Christmas on the s.s. *Laomedon* in charge of naval drafts, spent Christmas here, then went North and later left for home by the same ship in which he came East. He was never attached to the China Squadron.—Ed. H. K. T.]

U.S. OIL LEASE SCANDAL.

SENATE DEMANDS MR. DENBY'S RESIGNATION.

Washington, February 11.

A first-class scandal arising out of the allegations of corruption in connection with the granting of Government concessions for oil leases in Wyoming has necessitated the appointment of a special Senatorial Committee of Investigation, which has summoned a number of eminent witnesses.

The affair had a dramatic development to-day, the Senate passing a resolution demanding the resignation of Mr. Denby, Secretary of the Navy.

THE RACES.

HOW THE PONIES ARE SHAPING.

DERBY VERY OPEN.

On Wednesday, Thursday, Friday and Saturday next week, Hongkong will be holding its annual Race Meeting, and there is every prospect that this year's event will be quite as successful as any of its predecessors. At the moment the course is in very bad condition, for it has never recovered from the damage done during the heavy rains and floods of October. The recent wet weather has not assisted in any way and all the training, so far, has had to be confined to the sand track. Given fine weather during the coming week, the course should, however, dry up considerably though it is hopeless to expect the usual carpet-like turf course.

A "CROW'S NEST."

All the usual painting and white-washing of the stands has been carried out, and the arrangements will be precisely as last year. There is one notable innovation this year and that is a special stand or "crow's nest" at the last-quarter post for the purpose of assisting the Stewards in adjudicating on possible fouls as the ponies come round the bend into the straight. Fouls are sometimes unavoidable on this corner, and it will be the duty of a specially detailed Steward to occupy the "crow's nest" and report to the Judges any infringement he sees.

THE JOCKEYS.

So far as jockeys are concerned, there will be quite a big invasion from Shanghai this year to augment the number of local riders. Mr. F. R. Vida is already here for Sir Paul and there are expected to arrive this afternoon by the s.s. *President Jefferson* the following:—Mr. C. R. Burkill and Mr. Eric Moller, who will ride for Sir Paul; Mr. J. K. Brand, who will ride for the Hon. Mr. A. G. Stephen; Mr. W. Hill, who will ride for Messrs. Morris and Marshall; Mr. Knoll, who will probably ride for Mr. Humphreys and Mr. Birkett; and Mr. J. Baid, who will ride for Mr. Pera, Mr. A. A. Alves and Mr. Basto.

RECORD ENTRY.

As we have previously announced, the entries this year constitute a record, this being largely due to the fact that many of the small owners, who previously have raced at (Gymkhana), have enlarged their stables. The Subscription Griffins have not been nearly so disappointing as last year, when it will be remembered that out of about 80 to arrive only about 30 faced the starter. Something like 60 subs. have come down this year and only about half-a-dozen have been found to be useless. For the Valley Stakes, there are no less than 45 entries.

SUBSCRIPTION GRIFFINS.

To speak of the ponies in their classes, it would perhaps be better to refer to the Subscription Griffins first, because the interest attaching to them is so widely distributed. They are a much better lot than last year, but so far have shown a lack of speed. It is impossible to do anything in the nature of "tipping" at this early stage, but the subs. which have shown up well in the training are:—The Lark, owned by Lady Chater; King Canute and King Alfred, owned by Mr. Dynasty; Durian, owned by Lady Severy; Jungle Cock, owned by Mr. Brothers; Nestor, owned by Mr. Basto; Loch Rannoch, owned by Mr. Dyer; and Safa, owned by Mr. Roda. All of these are worth watching in any races for which they might turn out.

THE DERBY.

So far as the public imagination is concerned, there is no race more keenly followed than the Derby, and it is generally recognised that the race this year will be an extremely open one. There is no need to worry anything about the mixed

FORGED BANKNOTES.

EXCITEMENT IN MACAO

TWO ARRESTS MADE.

Considerable excitement has been caused in Macao by the appearance on the market of large numbers of forged \$10 notes resembling those issued by the Banco Nacional Ultramarino. Two arrests have been made.

It appears that a Chinese banker, suspecting a \$10 note handed to him as being forged, caused the arrest of the man who handed it to him, and later another man was also arrested. This latter arrest took place at a hotel, where over a thousand forged notes were seized.

As a result of the statements of the arrested men, the chief Chinese detective was sent to Canton with an official note from the Government, following which, with the help of the Canton police, a search was made of a house near the East Gate, from which were seized some five thousand forged \$10 notes, as well as a large quantity of machinery used for the making of notes, some of this showing that French and Russian notes had also been forged.

The arrested men will be charged in due course.

breed ponies, about which so much has been said, for they are out of the race entirely. Regent Dahlia has gone lame, whilst Dark Mouse and Baronsfield are also out of the picture, Benachie, which was Mr. Stephen's best, went lame last Saturday after galloping the mile-and-a-half in 3 min. 38 secs. and it is quite probable that he will not recover in time for the race. Courtfield, the best of Messrs. Morris and Marshall, went slowly on Saturday owing to the course being very heavy, and only a much lighter course will give this pony a really good chance. The best of Sir Paul's are Jewel Dahlia II and Magnificent Dahlia. These ponies will be stretched this week now that their riders have arrived, and it remains to be seen just what they can do. Musketeer, another well-fancied mount, galloped the mile-and-a-half yesterday morning in 3 min. 40 secs., finishing the last quarter very slowly. Not for many years has the classic race been so much a matter of mere speculation as to the winner, though it is quite likely that before the race day backers will be given a clearer indication of what to follow.

OLD PONIES.

It is among the old ponies that the best goers are to be found. There is nothing to touch Fascination Dahlia (late Thomas a Becket) and Ideal Dahlia for long distances, and between them they should win the Challenge Cup and the Foochow Cup without any trouble. Cock-o-the-North and Benz are going well, and the former should give a good account of himself in the Champions. Cock-o-the-North won some very good races in Shanghai, including the Autumn Cup and the Chinese Cup (a very important race), while Benz has done the mile-and-a-quarter this year in 2 min. 53 secs. It is quite safe to predict that the keenest struggles will be seen this year in the races for which old ponies are qualified.

GYMKHANA PONIES.

Of the Gymkhana ponies, Ramsbury, Starland, Fern Leaf, Oak Leaf, Peacastle, Yellow River and Arizona are all going and looking well, and the races confined to these ponies will undoubtedly provide some exciting finishes. Diadem Dahlia, Speckled Mouse and Satisfaction Dahlia are all unwell and will not be able to start in fact Diadem Dahlia has not been entered. Country Mouse, which ran so well at the Gymkhana, has had to be discarded.

Little remains to be added at this stage. Hongkong now has three lady owners racing in their own names, Lady Severn having this year joined the ranks with Lady Chater and Mrs. Bernard.

EXCHANGE CONTRACT CASE.

THREE LINES OF DEFENCE.

The case in which the Bank of East Asia is suing Mr. J. H. N. Mody, the local exchange broker, for \$77,434.85 as the guarantor of a contract made between the bank and the Banque Industrielle de Chine in June, 1921, is still proceeding before the Chief Justice at the Supreme Court.

This morning, Mr. Alabaster, for Mr. Mody, said that the defence was relying on three separate and distinct defences, any one of which was sufficient to free the defendant from liability. The first defence was that the plaintiffs entered into a binding agreement in London to give time to the principal debtor, whereas Mr. Mody guaranteed a strictly cash transaction. The second defence was that in London the contract was altered from a cash to a credit transaction, whilst the third defence was that by reason of their neglect of duty of the London, Joint City and Midland Bank, the agents for the plaintiffs, the plaintiffs here were estopped.

Mr. Alabaster proceeded to quote authorities in support of these defences and went on to say that in the admitted documents on the file, the plaintiffs had admitted that the Midland Bank had been guilty of neglect.

NEW SOLICITOR.

MR. R. A. WADESON.
M.C. ADMITTED.

At the Supreme Court this morning, the Chief Justice (Sir William Rees Davies) admitted Mr. Ralph Archibald Wadeson as a solicitor to practice in the Colony. Mr. Wadeson has recently arrived from Home, to join the firm of Messrs. Deacon, Harston and Shenton.

The Hon. Attorney General (Mr. J. H. Kemp, K.C.) in moving Mr. Wadeson's admission said that Mr. Wadeson joined His Majesty's forces in 1914 and served in the infantry all through the war, earning the Military Cross. He was awarded his final examination in June, 1923, and being admitted a solicitor of the Supreme Court in October last. The Attorney General went on to state that Mr. Wade had not complied with two of the required provisions, but the local Law Society and the Registrar had no objection to his being admitted right away. He produced a practising certificate dated November 15th, and the usual identification affidavits were on the file.

In admitting Mr. Wadeson to practice, the Chief Justice said he had pleasure in doing so. Mr. Wadeson had served with distinction on the battlefield and he could only hope that his distinction as a soldier might be an earnest of his success here. He wished him all success.

THE "GLOBE TROTTERS."

OPENING NIGHT AT THEATRE ROYAL.

The clever combination of entertainers known as the Globe Trotters opened their Hongkong season at the Theatre Royal last night, and had a great reception though the audience was not as large as it should have been.

The whole programme was a delightful one, being frequently applauded and a number of encores were called for. Miss Bobby Broadhurst's singing, Miss Peggy Lovell's dainty dancing, Mr. Jack Whittington's stippancies, Mr. Wallingford Tate and the grand piano, and Miss Lella Forbes' and Mr. Dick Norton's contributions, keep one continuously appreciative. A pretty setting last night was also seen in a delightful 18th century dance by Miss Lovell and Mr. Sawyer.

There will be a new programme to-night and to-morrow night.

ENGLISH CUP.

TEAMS' UNABLE TO REACH DECISION.

London, Feb. 11.—Re-played matches in the English Cup Competition resulted as follows:—Newcastle 2, Derby 2, at Bolton; Manchester City 3, Halifax 0, at Manchester; United's ground; Notts County 0, Crystal Palace 0, at Birmingham. *Reuter.*

The remarkable fact about two of these results is that the opposing teams have now drawn on three occasions, with exactly the same goal-scores. On the 4th instant, Derby and Newcastle drew, as they did again on the 6th instant, the score on both occasions being 2-2. The same fact applies to Notts County and the Palace, save that the draws on each occasion were goal-less.

A CURIOUS CASE.

PUISNE JUDGE'S CONFESSION.

Describing the case as one of the most curious ever to come before him in sixteen years' experience, the Puisne Judge (Mr. Justice Gompertz) gave judgment this morning in an action which has been engaging his attention for several days past.

An Indian money-lender, named Hakam Singh, of Wanchai, sued a Chinese whom he said was "Chang Fook," a broker of the Wing On Company, for \$620 due on a promissory note dated as far back as November 15th, 1922.

During the hearing of the case the following facts were elicited:—Plaintiff loaned a sum of money to a Chinese, who signed the note "Chang Fook," there being the signature of another Chinese named "Chow Tack" also attached, together with a stamp purporting to be the chop of the Wah Lee Company. The money was never repaid, and plaintiff issued a writ against "Chang Fook," citing him as being a broker of the Wing On Company. When the bailiff went to serve the writ, the plaintiff went with him and pointed out a man as being the defendant, but that man's name proved to be Kong Pui-yin, who is the Secretary of the Wing On Company. The Wing On Company wrote saying they had never had a man named "Chang Fook" in their employ, nor had they a broker. Mr. Kong Pui-yin denied that the signature "Chang Fook" was his and said that he had never borrowed any money from plaintiff. A question of identity therefore arose.

Plaintiff said that for a long time he could not find the man to whom the money was given, but eventually he discovered him to be Mr. Kong Pui-yin, who joined the Wing On Company after the money was lent. The plaintiff called two witnesses, one of whom said he introduced the plaintiff to the defendant before the money was lent. Defendant denied all knowledge of the loan and yesterday called the Manager of the Wah Lee firm, who said that the stamp on the note was not his firm's stamp, that defendant had never been employed by him or was not even known to him. Money lending transactions had never taken place in his shop.

His Lordship this morning, having described the whole case as a very curious one, said that until yesterday morning he was in considerable doubt as to where the truth lay. Having considered the case as a whole and giving effect to what took place in Court yesterday, he had no doubt whatever that judgment must be for the defendant. The plaintiff had undoubtedly loaned some money to some Chinese who had deluded him, but he (His Lordship) had no hesitation in deciding that the money was not loaned to the defendant in this case. He therefore gave judgment for defendant with costs.

Mr. D. McCullum represented defendant.

MR. W. W. HORNELL ARRIVES.

NEW VICE-CHANCELLOR OF THE UNIVERSITY.

The New Vice-Chancellor of Hongkong University, Mr. William Woodward Hornell, C.I.E., arrived this morning by the S.S. *Takada*, and is residing for the time being at Government House. He was met on arrival by the retiring Vice-Chancellor (Sir William Brunyate) and the Registrar of the University (Mr. Teesdale Macintosh).

Mr. W. W. Hornell has held the post of Director of Public Instruction, Bengal, since 1913 and has been Deputy Secretary to the Government of Bengal since 1920. He was also a Member of the Calcutta University Commission which sat from 1917 to 1919.

A son of the late Mr. Robert Hornell, Barrister-at-Law of the Inner Temple, the new Vice-Chancellor is also a brother of Mr. E. B. C. Hornell, well-known in Hongkong as the Secretary of the China Sugar Refinery Company, Messrs. Jardine, Matheson and Co. Born in September, 1878, the new Vice-Chancellor was educated at Radley and Trinity College, Oxford. In 1901 he received his first appointment in the Indian Educational Service, his career in that Service being:—Professor of English, Presidency College, Calcutta, 1902; Inspector of European Schools, Bengal, 1903; and Assistant Director of Public Instruction, Bengal, 1906. In 1908, Mr. Hornell resigned from the Service and joined the Board of Education, Whitehall, serving under Mr. Augustine Birrell as Assistant Director of Special Enquiries and Reports until 1910, and in 1911 being appointed as Secretary of the Imperial Education Conference. In 1913, Mr. Hornell rejoined the Indian Educational Service as Director of Public Instruction, which post he gives up to come to Hongkong.

He was decorated with a Commandership of the most Eminent order of the Indian Empire in 1918.

CANTON BONDS WITHDRAWN.

SEQUEL TO SHOPKEEPERS' STRIKE.

The Canton Government has now withdrawn the special bonds which were issued just before Chinese New Year. This step has been taken in consequence of merchants refusing to accept the bonds and closing their shops for fear they would be forced by the troops to accept them.

At the same time, the Chamber of Commerce, the Benevolent Societies and the Reorganisation Bureau's Committee have been ordered to request the various shops to buy up bonds to the face value of \$450,000 in proportion to the extent of their business, it being intimated that these will be accepted in payment for property registration fees.

GREEN ISLAND CEMENTS.

Elsewhere in this issue will be found the report of the Directors of the Green Island Cement Co., Ltd., announcing the proposed payment of a final dividend of \$1.50 per share, absorbing \$500,000.

This is in addition to an interim dividend of 50 cents per share (absorbing \$200,000) which was paid on September 18th last.

K. R. A. MEETING.

PLEA FOR RESERVATIONS.

Mr. D. A. Purves, the President,
reviewed at some length the activi-
ties of the Kowloon Residents'
Association during the past year
at the annual meeting of members
held in the St. Andrew's Church
Hall last evening. Mr. Purves
presided over a gathering of about
fifty, and was supported by Mr.
B. Wylie and Mr. D. J. Purves
(Hon. Secretary).

Chairman's Speech.

The Chairman said:
Gentlemen, as the Report and
Statement of Accounts has been in
your hands for some days, I will
with your permission take them as
read. You will see that we have to
report a slight decrease in our
membership this year, and also a
decrease in the amount of the cash
in hand, the latter fact being due
to the rather heavy expenditure
involved in printing and circulating
the annual report for last year.
With regard to the membership it
is a matter of regret to your Com-
mittee that more Kowloon residents
have not seen fit to join the Associa-
tion during the past twelve months.
For I think there can be no two
opinions that the work which the
Association is doing deserves the
very hearty support of every Kow-
loon Resident. As the annual re-
port will show, your Committee has
spent a very busy year in giving
its attention to a wide variety of
subjects all aiming at the improve-
ment of the amenities of Kowloon
and, to say the very least, it is not
very encouraging for them to feel
that so many people living on this
side of the Harbour are seemingly
indifferent as to the success or
otherwise of the efforts. Every
Kowloon resident should be a mem-
ber of this Association, and your
Committee is hoping that the year
upon which we have just entered
will not only witness a large in-
crease in the membership of the
Association but also a livelier inter-
est in its activities by residents
generally. The printed report re-
flects but inadequately the Commit-
tee's full endeavours, but if we had
done nothing more than to write
what appears therein we are sorely
entitled to the sympathetic sup-
port of all those people whose inter-
ests we are trying to further. We
confidently appeal for a larger
measure of support.

Public Matters.

Turning to the various public
matters which have engaged your
Committee's attention, I am sure
there will be general satisfaction at
the assurance given by the Govern-
ment that the Kowloon Hospital—
the early completion of which we
have so often and strongly urged—
will be ready for occupation by the
end of March 1925. Several mem-
bers of the Committee have visited
the site quite recently and a great
deal of progress has certainly been
made. Buildings are now in course
of erection and we trust that not-
withstanding abnormal or untoward
will occur to delay further the com-
pletion of what we regard as one of
the greatest needs of Kowloon.

The vexed problem of the housing
shortage appears to be but little
nearer solution than when we met
last year and in view of the Govern-
ment's indication that it is not
favourably disposed towards contin-
uing the Rents' Restriction Ordinance
for another year, your Committee
feels that this Association should
press either for the continuation
of that Ordinance or, alternatively,
for the establishment of a Fair
Rents' Board. There can be no

question, we think, that were land-
lords left with an entirely free hand
at the present juncture, the demand
for houses is still so much above
the supply that rentals would
rise to heights whereat great hard-
ships would be imposed on the
mass of the Colony's tenants. We
respectfully submit that some mea-
sure of protection is still needed in
spite of all the building activity of
the past year. So far as the provi-
sion of more houses on the Kowloon
side is concerned, your Committee
looks with hope to the great amount
of development now going on and
foreshadowed in the neighbourhood
of Kowloon Tong. In this connec-
tion it is to be hoped that very full
advantage will be taken of the Gov-
ernment's 40 years' lease scheme.

European Reservation.

The leasing of land under that
scheme, which does away with heavy
initial capital outlay for land, should
do much to keep rentals of new prop-
erty at a reasonable level. The recom-
mendations of the Housing
Commission that the foothills near
Kowloon City be developed and re-
served as a European residential
area have the very warmest support
of your Committee and, I am sure,
of the members as a whole. It is
the considered opinion of your Com-
mittee that a strictly European re-
sidential reservation should be creat-
ed in the Kowloon foothills for peo-
ple of moderate incomes and, in set-
ting forward that view, we are not
unmindful of the objections which
have been raised by certain mem-
bers of the Chinese Chamber of
Commerce. In asking for a reserva-
tion we intend no slur, we cast no
aspersions and neither do we think
in terms of "superiority" or "inferior-
ity." We simply ask for the right
to live among people of our own
kind and of our own social habits—
a right we should like to see extend-
ed to every section of Hongkong's
homogeneous population. We ap-
paise of the policy of reservations
all round because we are convinced
that the highest social and com-
munal welfare of all residents will
best be served by the practice of it.
As yet the Government has given
no indication either of its approval
or rejection of the principle of this
part of the Housing Commission's
report, but we sincerely hope that in
the development of the Kowloon
foothills the Government will give
effect to the recommendations and
so carry out the wishes of a large
and not unimportant section of the
community.

Traffic Control.

With regard to the question of
traffic control and the relief of con-
gestion at the Star Ferry Wharf,
which was so marked in the early
part of the year, the efforts of your
Committee, thanks to the courteous
co-operation of the Captain Superin-
tendent of Police, have resulted in
a considerable improvement. Al-
though the present bus services are
providing very essential transpor-
tation facilities, this Association is of
the opinion that the Government
should aim at the provision of a
much better type of bus and should
definitely give up all idea of instal-
ling a tramway system. The advan-
tages of buses over trams are many
and there is no need for me to
enumerate them here. We think
that the traffic needs of Kowloon
and the big centres springing up
round about will shortly call for a
better co-ordinate service of a high-
er type than that now existing.
Linked up with the question of
transport by land is that of ferry
services across the harbour and, so
far as the Star Ferry service is
concerned, there is the promise that
at a fairly early date extra and

(Continued from Page 2.)

present Postmaster General. The generous provision of pillar boxes should be accompanied by widespread facilities to purchase stamps.

Other Matters.

The additional protection provided by the Government in the Children's Playground was much appreciated during the summer months and we hope the Government will continue to keep the matshed in a proper state of repair, notwithstanding the very discouraging experience of last summer, when typhoons wrought such havoc with it. With regard to the bathing facilities at Hanghom for which we asked and which were provided, the Committee feels that it should honestly confess that the experiment was not a success. For the greater part of the summer the water was far too shallow and the conditions generally were not such as to attract bathers in large numbers. It is not intended to ask for those facilities again this year and it only remains for us to thank the Government for so willingly granting us our initial request.

I think you will all agree that a very great improvement has been effected in the lighting of Kowloon during the past year, and inasmuch as that improvement followed repeated representations by us to the Government it is only fitting that I should, on your behalf, express our appreciation. The adequate lighting of our public streets is not unconnected with crime prevention and it is significant that serious crime at night in residential Kowloon has not of late been so marked as it was formerly. So far as the police force is concerned that also has been increased and it is to be hoped that in the future a constant watch will be kept on the growing needs of the Peninsula in this respect.

Among the many other matters which have engaged our attention is that of the provision of some public signal whereby residents can, in typhoon weather, tell whether the ferry services have stopped running or not without having to go to the ferry wharf. The Government promised to consider the matter when the mast at the Observatory had been reconstructed and by reason of the fact that the reconstruction has been carried out we are confidently awaiting a pronouncement from the Government that in future some distinguishing signal will be hoisted immediately the ferry services are suspended.

Ricksha Coolies.

I don't think it is necessary for me to traverse at further length the work of the past year because it is so fully dealt with in the report which has been circulated, but before I sit down, I would like to touch upon the question of the lack of accommodation and shelter for our ricksha coolies. Regarding the provision of public latrines, so far as the Government is concerned, we have already addressed the Government, but it is left by your retiring Committee that something further should be done to cater for the comfort of waiting ricksha coolies. At present they are exposed to all winds and weathers, except when at the Star Ferry, and it is little wonder that so many of them are men of deteriorated physique. The time is possibly coming, and perhaps it is not very far ahead, when mechanically propelled traction will drive the ricksha coolies off the road for ever, but until that time arrives it is felt that we ought to manifest a little more human sympathy to the men who earn their livelihood by saving us the discomforts of walking in wet or very hot weather. At the present time there is a lamentable want of charitable thought not only on our part but on the part of the authorities who license these men to ply their vehicles for hire, and it is proposed that the incoming Committee of this Association should give the whole matter its serious consideration and make whatever recommendations it sees fit. I feel that this meeting will approve of that proposal.

I now beg, formally, to propose the adoption of the Report and Accounts and shall be glad if someone will second the proposal. Election of Officers. The Chairman proposed Mr. B. Wylie as President of the Association.

tion for the year. He said that members knew Mr. Wylie well and the hard work he had done for the Association.

Mr. W. S. Bailey seconded and the resolution was unanimously carried.

Mr. W. S. Bailey was unanimously elected Vice-President on the proposition of Mr. Wylie, seconded by Mr. R. Packham. Mr. Wylie spoke of the good services Mr. Bailey had rendered both on the Committee of the Association and as a member of the Housing Commission.

Mr. W. J. Stokes having resigned the office of Hon. Treasurer, Mr. A. J. J. Martin, of Messrs. Lowe, Bingham and Matthews, was appointed in his stead, the motion being proposed by Mr. Stokes and seconded by Mr. T. T. Laureason.

Mr. D. J. Purves could not see his way to continue as Hon. Secretary and Mr. A. Morley, who has filled the office on a previous occasion, was elected, the Chairman moving and the Rev. G. R. Lindsay seconding the resolution.

The following gentlemen were elected to serve on the General Committee: Rev. G. R. Lindsay, Rev. Fr. Spada, Dr. Ozorio, Messrs. D. A. Purves, W. J. Stokes, R. Packham, F. P. de V. Soares, J. Johnstone, J. E. Anderson, T. T. Laureason, O. B. Raven, A. V. Tofte, T. Arnott, J. M. Alves, L. E. Lammer, S. L. Hadden and Forsyth.

Subscription Increased.

It was unanimously decided, on the proposition of the Chairman seconded by Mr. J. Johnstone, to increase the annual subscription from \$1 to \$2, the Chairman pointing out that the work of the Association was growing and that it was as much as they could do now to make ends meet. It was felt that with no anxiety about financial matters the Association's usefulness would be increased. The Chairman expressed thanks to a member of the Association who had made a generous contribution to the funds.

Mr. W. S. Bailey spoke of the large amount of work done by the Committee during the year, especially mentioning the services of the retiring President, Mr. Wylie and Mr. Stokes.

More Members Needed.

Mr. A. Morley, commenting on the deplorable ignorance of a number of Kowloon residents as to what the Association was doing, mentioned that sometime ago a policy was adopted of contributing to the local papers a resume of the work done monthly. Unfortunately the procedure was not regularly followed, but as the incoming Secretary he intended, and the knew he had the support of the Committee—to resume the practice.

Rev. G. R. Lindsay thought it was a sufficient answer to people who foolishly asked what the Association was doing to ask them to look round about them and see what improvements had been effected, all of which were probably due to the activities of the Association. (Applause.)

Mr. H. O. da Silva suggested a census amongst all members who owned their own houses with the view to roping them in as members.

The Chairman replied that if the Association depended for members on the house owners of Kowloon he was afraid their membership would not be very large. It was not only the house owners they wanted, but the residents as well. It was the resident the Association was really interested in.

Mr. Wylie did not think there was any need to take a gloomy view. The Association had 223 paying members, of whom 63 joined during the year. They were not exactly bankrupt of membership, though he quite agreed they wanted more members.

The meeting concluded with a hearty vote of thanks to the Ventry of St. Andrew's Church for the use of the Church Hall.

LITERARY WALES.

English Can only For Dancing.

That there is more appreciation of literature in Wales than in England is the assertion of Dr. Maurice Jones, principal of Lampeter College, Cardiganshire.

Speaking at the Llanollen County School prize-day recently, Dr. Jones said he found literary societies in small towns all over Wales.

"The whole nation is absorbed in the study of things that pertain to the mind and the soul," he added. "I find a very great difference between Wales and England in this respect."

"I lived in a typical English parish. There people will dance every night in the week, but you cannot raise a literary society for your life."

KOWLOON AND
HOUSING.

—One or two points raised in the chairman's speech at yesterday's meeting of the Kowloon Residents' Association deserve special emphasis. For the purposes of our comment to-day we take up what we consider the most important item considered—the housing problem. This affects Kowloon to a great extent, but is also a matter of much concern to the Colony as a whole. Flogging a dead donkey may not be a profitable pastime, but at least it serves to draw attention to the fact that the donkey is there and that something should be done. Thus the continuous reference to the local housing situation should have its due effect in the end. The K.R.A. chairman's references serve to draw public attention to the remarkable absence of any concrete Government action, or indication of action, on the Housing Commission's report. This is the more inexplicable when one recalls that it was the Government which appointed the Commission "busy members of the community who devoted a great deal of valuable time to the matter and published a very able report on their investigations. The only conclusion one can arrive at is that a large part of the recommendations fails to meet with the approval of the authorities. But then at least the Government should let the public know its considered opinion, one way or the other. Failing that, it will appear the Commission's report has suffered the fate of so many such documents, and been pigeon-holed for what might be an indefinite period.

The committee of the K.R.A. have courageously endorsed the recommendations of the Housing Commission which relate to the reservation of a European residential area in the development of the Kowloon foothills. This question has unfortunately been the subject of misrepresentation, and we cannot do better than quote the words of Mr. D. A. Purves' speech, which embodies so concisely the views of the majority of non-Chinese residents: "In asking for a reservation we intend no slur, we cast no aspersions and neither do we think in terms of 'superiority' or 'inferiority.' We simply ask for the right to live among people of our own kind and of our own social habits—a right we should like to see extended to every section of Hongkong's population."

However, there is a larger matter still, the most important of all, and a grave concern of a large section of local residents of all nationalities; and that is the possibility, in the near future, of tenants being left to the tender mercies of such landlords—and there are many such—who might desire to exploit them. We quote again:—"In view of the Government's indication that it is not favourably disposed towards continuing the Rents Restriction Ordinance for another year, your committee feels that this Association should press either for the continuation of that Ordinance or, alternatively, for the establishment of a Fair Rents Board." That is but the echo of the voice of a big and important section of this Colony's residents, on both sides of the harbour. What we want to learn of is a definite reply to that voice, else we shall have to come to the painful conclusion that it is a voice crying in the wilderness—a wilderness of red tape and blue-books.

Pure Food.

We were asked a few days ago whether any machinery exists in Hongkong by which alcoholic liquor is analysed by the authorities with a view to testing its genuineness. The enquirer was told that samples were occasionally taken under the Sale of Food and Drugs Ordinance, but that we could not recall any prosecutions under this particular enactment. On looking up the figures for last year, however, we see that not even one sample was analysed. The whole year's work was represented by the analysing of fifty-seven samples of milk and one each of tea, flour, bread, lard and coffee. We were greatly surprised when we saw those figures, because we cannot help thinking that there is far too little work of this nature done under the Ordinance. When we hear the frequent complaints made of rubbish which is sold as whisky, brandy, and other intoxicants in this Colony, it appears to us absolutely astounding that not one solitary sample was taken for the purposes of analysis during the whole of 1923. Then take the matter of foodstuffs—only one sample each of flour, bread and lard, with another each of tea and coffee. Here we have a Colony which numbers well over 600,000 inhabitants, and a climate which plays havoc with fresh food. Yet, apart from milk, the Government's investigation of the purity of our supplies is confined to five individual samples. Any moderate sized town at home (where the climatic conditions are far healthier than here) would be able to show a much finer record of work done in the interests of pure food. It seems to us that this is a department of Government activity—or inactivity, rather—that badly needs looking into.

Old and New.

There is a big body of opinion that holds the view that "the good old days" were best. Presumably the word good does not refer to anything except that they were better enjoyed. Old residents of Hongkong, just as in other places, are ever ready to become reminiscent of past comforts, choosing, it seems, to forget the discomforts as well. One great topic of "old hands" in the East is the comparative cheapness of living out here twenty or more years ago. That is a point which scores, but set off against it we have the many drawbacks that incomplete sanitation meant—malaria was rife, contagious diseases were more deadly, remedies of to-day were unknown or unobtainable. If one is to rely on the stories of life in this part of the world fifty years ago, it was a continual round of drinking plentifully of inexpensive liquors, succumbing occasionally to this excess or to disease, and returning home a physical wreck or else going to the nearest cemetery, a passenger through the life of a pioneer settlement, and soon forgotten. Imagination lends a glamour to those days which was probably wanting in the life of the time. Let us think kindly of the past, with its enforced simplicity of existence, whilst making the most of our modern conveniences of travel and communication and sanitation. But let us always remember that the "good old days" are as dead as the men who experienced them; while we are living in the present.

COURT OF ENQUIRY.

SEQUEL TO LOSS OF
STEAMER.

In connection with the foundering and abandoning of the s.s. Mary Horlock in the Pacific, some 700 miles to the south of Japan, on January 26th, a Court of Enquiry will be opened at the Harbour Office here on Thursday morning.

The Court will be composed as follows:—Lieut. Com. Hake, R.N.R.; Lieut. Com. P. W. F. Henderson, Superintendent of the Chart Depot; H. M. Dockyard; Capt. A. J. Hailey, s.s. Empress of Australia; Capt. G. Buyars, s.s. Chin Hue; and Capt. S. Mitford, s.s. Sui Sang.

The story of the foundering of the ship is, briefly, as follows:—The ship, of just over 3,000 tons and registered at Maningtree, left Seattle with a cargo of lumber on December 20th. Whilst crossing the Pacific she encountered very heavy weather and after battling for over three weeks she was forced to send out "S.O.S." messages. These were picked up by the President Taft, which reached the then sinking vessel on January 25th. Rescue work was carried out under very trying conditions, but all lives on the stricken ship were saved, the boat sinking soon after the last man had been taken off. There were seven officers and 38 crew on board. At Yokohama the men were all transferred to the Empress of Australia by which they were brought to Hongkong, where they are awaiting a ship home.

That concluded the business of the meeting.

INTERPORT BILLIARDS.

A LEAD FOR SHANGHAI'S TEAM.

The Shanghai team of billiards players who are competing against a Hongkong team in a series of matches, under the auspices of the Lusitano Billiards Association, scored a lead at the Club Lusitano last night, when some fine play was witnessed by a big gathering.

Mr. A. F. B. Silva Netto welcomed the visitors in a short speech; and the referee, Mr. P. A. Rozario, then took charge of the first game, between P. Barradas (Shanghai) and F. M. O'zorio (Hongkong). The Shanghai player went away rapidly, leading 78 to 14 in about half an hour. With a fine break of 69 Barradas got further ahead, and when he ran out at 500 O'zorio, whose best break had been 34, was at 344.

The second game was between G. M. P. Redies (Shanghai) and P. A. Yanovich, former local champion. This was a close contest, the Hongkong man reaching the century first, but falling off later, the visiting player passing him for the double century, and leading at 250 to 215. Eventually Yanovich drew closer, and with a fine break of 76 he got ahead, and then added 32, giving him a lead of over 100. He ran out at 500 with his opponent at 397. Remedios' best break was 45.

On the two matches, Shanghai is leading by 53. E. Guimaraes and E. da Rosa are the two Hongkong players to meet Shanghai to-night, their opponents from the North being North J. P. Pereira and A. F. Gomes.

INTERPORT FOOTBALL.

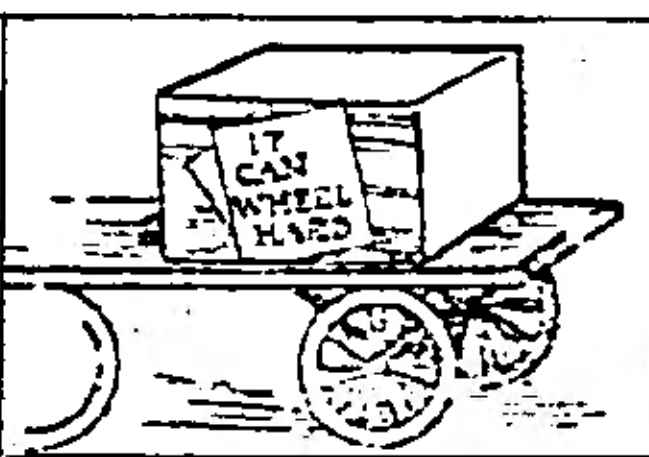

"HONGKONG DESERVED TO WIN."

Describing the first Interport "soccer" match between Shanghai and Hongkong, which ended in a draw, the North China Daily News states:

"On the general run of the play, Hongkong deserved to win. They were the better team—better balanced, quicker on the ball, showed infinitely better combination, passed more accurately, kicked more surely and cleanly, kept their positions better, and adapted themselves to the slippery surface as though they had never played on anything but mud. Their goalie, for what little he had to do, was par excellence, and so were their backs, who made not one real miskick throughout the game. Their halves were a rare trio of despoilers who never tired and who never were out of position. All of the Hongkong forwards played a great game. They played the individual game only when nothing else was possible. The whole Hongkong team, without exception, worked with so much cohesion and understanding that it is almost unfair to single out any individuals as being specially worthy of mention. If any names should be mentioned, however, they are Weness, Wynne, Stewart, Eaton and Begg."

At least three-quarters of the play was in the Shanghai half, and during that doleful first half only two players of the "E" really stood out—Crawford and Coulcher. Taking the game from start to finish, the Shanghai forwards played an unbalanced disjointed game, without cohesion or effective combination—that is compared with the standard set by Hongkong."

A PUZZLE A DAY.

A baggage-man had a box on his truck that had a label on it. The box was so heavy that he pasted a new label over the old one, as shown in the drawing. By a peculiar co-incidence, the 14 letters composing the sentence "IT CAN WHEEL HARD" were exactly the same letters that appeared on the original label. If you re-arrange those letters you will form a sentence of three words that will spell the old label.

Yesterday's answer:

ASTRONOMERS
The word "astronomers," whose letters form the anagram "no more stars" can also be made to form the words:

MOON STARRERS
a definition of the word "astronomers"!

CAMERA NEWS.

Members of the Shanghai French Municipal Council, and administration, and the French Consulate, gave a farewell reception recently to M. de la Prade, French Consul, Judge of the French Mixed Court, and chairman of the French Council, who is leaving for Foochow to take up the position of French Consul at that port. Our picture was taken at the reception and shows M. de la Prade sitting in front row, being the fifth figure reading from left to right.

The new head of the U.S. Emergency Fleet Corporation, Mr. Leigh C. Palmer, formerly an admiral in the U.S. Navy and in charge of the Bureau of Navigation during the war.

Here are a few Chinese babies, recently snapped in Shanghai.

A little matter like the links covered with snow doesn't cool the ardor of this Toronto golfer. He is one of a coterie of enthusiasts who keep in form by practising at Sunnyside Beach, despite the snowfall.

Into the forests go these U.S. government hatchery employees to plant thousands of fish eggs which in a summer or two will dangle from some Nimrod's line. The caravan shown here is wending its way to streams in Glacier National Park with milk cans full of myriad grayling and trout fingerlings.

Congressman Finis J. Garrett of Tennessee (left) and Nicholas Longworth of Ohio, the two floor leaders in the House of Representatives, stop for a friendly chat following the battle attendant upon organization of the national assembly.

Our portrait is of Mr. MICHAEL T.
ROONEY, of 25, Granville Avenue, Long
Eaton, England, who writes—

"Some years ago whilst touring Ireland
with 'Anger's Royal Circus' I contracted
some of the most terrible skin complaints,
which caused me to be almost un-
der the treatment of the most famous
doctors, all of which utterly failed to
give me the slightest relief. Recently
I got a letter from Mr. J. Y. Lum,
Long Eaton, where I am engaged as
Advertising Manager of The Picture Palace,
the conductor there begged me to try
Clarke's Blood Mixture, but I refused.
However, he knew his curative powers
from experience, made me a present of a
bottle, which I began to take. Recog-
nizing a slight improvement in my limbs,
I got another bottle, and continued the
treatment until I had used four bottles,
and now my skin is perfectly healthy
again."

Sufferers from Bad Legs, Abscesses, Ulcers,
Eczema, Boils, Pimples, Eruptions, Rheumatism,
Gout, should realize that Clarke's Blood
Mixture can but give temporary relief to the
complete and lasting benefit. The blood must be
thoroughly cleared of the impure waste matter,
the true cause of such troubles. Clarke's Blood
Mixture quickly attacks, overcomes, and expels
the impurities, that is why so many remarkable
recoveries stand to its credit. Pleasant to take,
and free from injurious ingredients.

Of all Dealers—see that you get

Clarke's Blood Mixture

"Everybody's Blood Purifier."

Twink

CLEANS AND DYES
AT THE SAME TIME

At the Sales.

Lady "Di" says
"If it isn't exactly
the shade you want,
you can Twink it!"

ITS wonderful color making, says the specialist,
and the only reason which prevents you from
"twinking" it up to the color. A length of silk,
laine in the style you like, or a over full evening
dress—all wonderful bargains—only they were in
the right shades. Near the bargains while you can,
and "Twink" them!

There are four "shades" of Twink, and the
shades you like are there. You need never wear
a faded or an unbecoming look—the Twink way
is so good. Follow the directions carefully, and
delicious results are certain.

Of all Colors, Brown, Green, Orange, Chamois, etc.
